Course Title: Economics of Sports

Course Number: ECON 297

Credits: 3

Total Weeks: 14 (Fall, Spring)
 12 (Summer)

Total Hours: 39

Course Level:
 First Year

 Second Year
 New

 Revised Course
 Replacement Course

Department: Economics

Department Head: Sonya Plater

Former Course Code(s) and Number(s) (if applicable): N/A

Pre-requisites (If there are no prerequisites, type NONE): ECON 101, ECON 102

Co-requisite Statement (List if applicable or type NONE): None

Precluded Courses: None

COURSE DESCRIPTION

The course will develop fundamental economic concepts related to the sports industry. Economic models are used to explore the industrial organization of sports, public funding of sports franchises, intricacies of sports labour and sports in the not-for-profit sector.

LEARNING OUTCOMES

Upon successful completion of the course, students will be able to:

- Apply elements of microeconomic theory to explain how consumers and producers make rational decisions in the sports industry
- Utilize theories and models to describe the problems faced in the professional sports industry
- Discuss in detail the complexities of the sports labour market at the professional level, as well as at the intercollegiate level
- Examine the economic costs and benefits of professional sports franchises to local economies
