PURPOSE

This policy sets out the process and practice for Coquitlam College (the College) to make fair, transparent, and equitable decisions when addressing student concerns, complaints, or appeals.

SCOPE

This policy applies to all employees and students involved in a decision-making, complaint resolution, or appeal processes.

POLICY STATEMENTS

1. The College is committed to applying the principles of procedural fairness in all decisions affecting students.
2. All students will have access to clear, consistent, and timely processes for resolving concerns and appeals.
3. All parties will be treated respectfully and without fear of reprisal when engaging in the complaint or appeal process.
4. Decision-making processes will be free of bias or conflict of interest, and individuals will not adjudicate matters where such conflicts exist.

PROCEDURES

5. The principles of procedural fairness ensure that:
 - a. Students have a right to be informed of any allegations, decisions, or actions that may affect their academic standing, enrolment, or access to services.
 - b. Students have a right to a meaningful opportunity to respond, either orally or in writing, within a reasonable timeframe.
 - c. Students are entitled to receive written notice of the decision, including the reasons for the decision and any associated outcomes.
 - d. The process will be conducted in an unbiased manner, ensuring impartiality and fairness.
 - e. The confidentiality of all parties will be respected in accordance with the *Personal Information Protection Act (PIPA)* and College privacy policies.

Informal Resolution

6. Students are encouraged to first seek informal resolution by discussing concerns directly with the instructor, staff member, or the Chief Academic Officer (or delegate).
7. Where appropriate, mediation or facilitated dialogue may be offered to resolve a matter informally.

Appeals

8. The College's appeal processes are outlined in individual policies where student appeals may be warranted, e.g. student conduct and final grade appeal. It is the student's responsibility to read each policy and proceed with potential resolution or appeal following the procedures outlined in each policy.
9. Students who are dissatisfied with the outcome of the College's internal appeal process may seek external review or resolution through:
 - Languages Canada, for students in the English Studies Program.
 - Federation of Independent School Associations (FISA), in matters falling under FISA's mandate.
 - Legal counsel or other legislated authorities with oversight over the specific complaint.

DEFINITIONS

Procedural Fairness (Natural Justice): The duty to act fairly in administrative decision-making, ensuring individuals are given notice, a fair opportunity to respond, and an unbiased process.

Appeal: A formal request by a student to review or overturn a decision made by the College.
